I am a Year 2 Information & Communication Technology undergraduate at the Singapore University of Social Sciences (SUSS), driven by a long-standing fascination with how technology shapes our world. My academic foundation is paired with hands-on experience spanning software development, network protocols, and hardware infrastructure.

Through my role as a Desktop Engineer within Singapore's public education sector, I have developed strong, practical expertise in full-lifecycle IT troubleshooting, system maintenance, and managing end-user computing devices in fast-paced environments. Additionally, my background in technology retail has sharpened my communication, active listening, and client-facing skills, enabling me to translate complex technical concepts into accessible solutions for diverse stakeholders.

I am an adaptable and collaborative problem solver, eager to leverage my technical skills and strong interpersonal dynamics to contribute to impactful IT initiatives.

EDUCATION

Singapore University of Social Sciences - **Singapore** Jul 2025 - Aug 2029 (Expected)

Bachelor of BSc in Information & Communication Technology with a minor in Criminology

Temasek Polytechnic - **Singapore** Apr 2020 - Apr 2023

Diploma in Diploma in Cybersecurity & Digital Forensics, 3.50/4.00

Bowen Secondary School - **Singapore** Jan 2016 - Dec 2019

GCE O-level, Obtained 4 Distinctions

WORK EXPERIENCE

Challenger Technologies Limited - **Singapore** Mar 2021 - Mar 2022

Retail Associate

Singapore's leading IT retail chain, providing consumer electronics and lifestyle products across 40+ stores with a focus on digital innovation and member loyalty.

- Drove Sales Growth: Exceeded monthly sales targets by providing expert technical consultations on notebooks, peripherals, and lifestyle gadgets.
- Enhanced Customer Loyalty: Consistently achieved high conversion rates for the ValueClub membership program by communicating exclusive benefits and product value.
- Optimized Store Operations: Managed high-volume inventory replenishment and point-of-sale (POS) transactions, ensuring 100% accuracy in cash handling and stock levels.

NCS Group - **Singapore** May 2022 - Sep 2022

Desktop Engineer

A leading Asia-Pacific technology services provider delivering the Standard ICT Operating Environment (SSOE) for the Ministry of Education to modernize digital learning across 350+ schools.

- Optimized School IT Readiness: Managed 500+ student and staff devices, ensuring 100% operational uptime for critical learning applications and MOE-standard software.
- Streamlined SSOE Deployment: Accelerated workstation delivery by 20% through efficient OS imaging, hardware provisioning, and secure account configurations.
- Rapid Incident Resolution: Resolved 95%+ of hardware and connectivity tickets onsite, minimizing classroom disruptions and maintaining strict project service-level agreements (SLAs).

Lyza Education - **Singapore** Jun 2026 - Present

Coding Instructor

Bringing the latest robotics solutions into Singapore to transform education and services industry.

- Taught Python programming to children through interactive lessons, guiding them in fundamental coding concepts, problem-solving, and project-based learning. Supported students in developing computational thinking skills, assisted with debugging and coding challenges, and fostered an engaging and positive learning environment for learners of different skill levels.

ACHIEVEMENTS, AWARD, AND SKILLS

- **Achievements** (2025): NSF of the Year 2025
- **Achievements** (2025): Best Trooper Award
- **Skills** (2022): AWS Academy Graduate - AWS Academy Cloud Foundations
- **Skills** (2022): AWS Academy Graduate - AWS Academy Cloud Security Foundations
